

## 7th Intensive Programme for Teaching (C7) and Intensive programme for higher education learners (C11)

- was held in Maribor (Slovenia) from November 3 to November 14, 2021. Despite the generally tight time schedule of the Rebuilt project in fall 2021, all planned lectures were implemented by total 15 Professors from 7 partner Universities. Students from 5 partner Universities have arrived in Maribor for Intensive learning despite the severe conditions regarding pandemics. A special technical visit to Underground heritage-tunnels at the Tezno zone industrial area was organised as well as two visitations for students and professors around the old city centre of Maribor and individual heritage buildings. Rebuilt meeting (November 12, 2021) was accompanied with discussion on topics related to Rehabilitation of built environment and teaching as well as preparation of the topics for next Intensive programme for teaching. Some individual meetings were also organised between RFEBUILT partners and professors from FGPA.
